A B Cs Of Student Success

G is for GRACE.

Grace means giving children what they need, not what they deserve. It means accepting kids as they are, and understanding their feelings and obstacles. It also means that we provide the unconditional support our children need to make positive changes. Grace, however, must be balanced with accountability or we risk enabling children to excuse unacceptable behavior or failure to achieve reasonable goals. If we balance grace with accountability, we let children know that we expect them to grow and learn.
