Classes start at 9 a.m.

In order for the teachers to teach your child, they need to be in class at 9 a.m. Early education plays important part in your child's education. I know that you want the best education for your child. Also, it takes your help at home. Report cards will be issue out on October 5th.

It's flu season. It's cool in the morning, please put a light jacket on the babies as they come to school. Please make sure their name is in the jacket. Also, check with the teacher on school supplies, especially soap, tissue, wipes and disinfectant spray. If you have not turn in supplies, please do so by Wednesday. **BE FAIR!!!!**

A B Cs Of Student Success

C is for CHOICES.

According to Jim Fay, author of *Becoming a Love and Logic Parent*, giving children choices is more effective than making demands. He suggests...

- Never give choices if it might cause problems for you or anyone else.
- Give only two options for each choice, both equally okay with you. For example, *Would you like peas or carrots?* or *Do you want to do homework now or in 15 minutes?*
- If the child doesn't decide within 10 seconds, make the choice for him or her.
